EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-5 are cancelled.

This application is in condition for allowance except for the presence of claims 1 to 5 non-elected without traverse. Accordingly, claims 1-5 have been cancelled.

The abstract contained two separate paragraphs. The examiner amended to make the abstract only one paragraph.

Replace the abstract with the following:

ABSTRACT OF THE DISCLOSURE

A semiconductor device with a bitline structure has a stud type capping layer. A method of fabricating the same achieves sufficient process margins and reduces parasitic capacitance. The device may include an insulating film formed on a semiconductor substrate and having a bitline contact and a groove-shaped bitline pattern, a bitline formed on the bitline contact and on a portion of the bitline pattern and that is surrounded by the insulating film, and a bitline capping layer formed on the bitline

within the bitline pattern and the insulating film that protrudes from the insulating film. A protruded portion of the bitline capping layer is wider than a width of the bitline.

The following is an examiner's statement of reasons for allowance: The amendments and the arguments presented in the response filed April 29, 2005 is persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
